

MESSRS. SWAN, HUNTER & WIGHAM RICHARDSON, YARD NO.1567.

La Mont Boiler constructed by Messrs. Ivor Power Specialty Co.Ld.  
-----

Messrs. Ivor Power Co. stated over the telephone this morning that they had received the Secretary's letter of the 15th instant and that they intended to make all the tubes of cold solid drawn steel of twelve L.S.G. thickness.

The Firm were informed that this is in order, but it is submitted a confirmatory letter be sent to them and the London Surveyors advised.
