Dear Sir,

With reference to your letter of the 18th inst., and to Ship No. 1567 at present building by Messrs. Swan, Hunter, & Wigham Richardson Ltd. at their Wallsend Yard, we have to state that the question of recording the deflections during the test of the deep tank in this Ship has been discussed with the Builders today and they are quite agreeable to such records being taken. These will be reported in due course.

We are, Dear Sir,
