LONDON. E. C. 3.

Dear Sir,

NO. 1567 SHIP.

We thank you for your letter of the 24th instant relating to the classification of this ship with your Society.

It is now proposed to weld all the butts of the shell plating including the sheer strake, not part only as in the plans previously submitted to you, and we will be pleased to have your concurrence in this procedure.

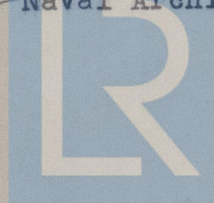

Regarding the system of beam construction proposed, and which is also to apply to some of the bulkheads as well as the decks, this is in this case being adopted as an owners requirement and is specified in the hull specification signed by the owners and ourselves.

Yours faithfully,

For SWAN, HUNTER, & WIGHAM RICHARDSON, LIMITED,

*I.D. Bocher*

Naval Architect.
