

Single Screw Motor Cargo Vessel proposed to be built by  
Messrs. Swan, Hunter & Wigham Richardson, Ltd., for Messrs.  
Arnesen, Christensen & Smith Ltd.  
-----

In regard to the second paragraph on the second  
page of this letter, it would appear to be desirable to  
proceed with the examination of the plans and to forward these  
approved to Messrs. Swan, Hunter & Wigham Richardson, Ltd.,  
complying with Mr. Turnbull's suggestion that the minimum  
scantlings be shewn thereon, and also any suggested modifications  
which might be thought to benefit the Builders and Owners.

  
  
12. 10. 38.
