

COPY.

23rd May, 1940.

Two First Entry Reports were received from Copenhagen before the occupation of Denmark on the new motor vessels "NORA" and "SATURNUS", the former having been built by the A/S Aalborg Værft, for Danish Owners, and the "SATURNUS" by the A/S Nakskov Skibsværft, for Swedish Owners. In the case of the "NORA", Kr.2220.72 (2123. 7. 6.) still appears to be outstanding. In the case of the "SATURNUS", Kr.2599.12 (2144. 7. 11.) is outstanding.

It is submitted for consideration whether in the circumstances the classification particulars of these vessels might not now be posted in the Register Book.
