26th May, 1939.

Dear Sirs,

E.

I duly received your letter of the 16th instant, forwarding a plan, in triplicate, of manganese bronze propellers proposed for Messrs. Aalborg Vaerft's Yard No.64, and in reply have to inform you that, with heavy oil engines for main propelling purposes having particulars as stated in my communication of the 21st ultimo, the plan in question will be approved, provided the propellers be made under the usual conditions of survey and testing.

Two copies of the plan are being returned to you under separate cover.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
COPENHAGEN.
