16th March, 1939.

Dear Mr. Kruhoffer,

I duly received your letter of the 11th instant respecting the welded bedplate and crankshaft of one of the engines proposed for installation in Messrs. Aalborg Vaerft's Yard No. 64, and I carefully note what you say.

In the circumstances your action in visiting Mr. Christiansen in connection with this matter is quite understood.

Yours faithfully,

C. H. Kruhoffer, Esq.,
COPENHAGEN.
