Messrs. LLOYD'S REGISTER OF SHIPPING
1, Quai de Rouen,
ANTWERP

Dear Sirs,
s/s " HELMSPEY ":

We remit you here enclosed, for approval, the new pumping plan for the conversion of the s/s " HELMSPEY " in oilburning.

We intend to reinforce the tanktops of double bottom tanks Nrs. 2 and 4 by welding the landings with a light run. The tanktops of tanks Nrs. 1 and 5 would be covered by close ceiling on 2" battens.

We beg you to let us know if welding of the landings and the placement of the close ceiling is required by you.

Hoping to have your reply soon, we remain, Dear Sirs,

Yours faithfully,
Mercantile Marine Engineering & Craving Docks C° S.A.
General Manager
