18th April, 1931.

Dear Sirs,

Reverting to my letter of the 18th December last respecting the question raised by the Owners regarding the date of build of the steamer "HELMSPEY", I shall be glad to learn whether any definite information is available as to when the steering arrangements and windlass will be tried under working conditions to complete the First Entry survey. I would remind you that when the case was under consideration in December, the Committee contemplated that arrangements would be made for all outstanding matters to be attended to in the early part of this year.

I am, Dear Sirs,

Yours faithfully,

pro Secretary.

The Surveyors,

SUNDERLAND.
