Pendennis House,
Lansdowne Road,

Falmouth, 22nd Sept-1921

S. S. Wendland

Reference

Dear Sir

With reference to the survey for classification now being held on the S. S. "Wendland" & your letter of the 24th of June last I have to state that a pumping plan & a plan of the boilers have been found on board the vessel, these have been copied by Messrs Bon & Co of this port & are herewith enclosed for consideration of the Committee.

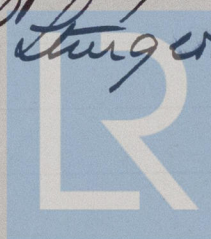

It will be noticed that there is no separate donkey suction shown in the Engine Room, but, arrangements have been made for this to be fitted.

I am, Dear Sir,

Yours faithfully

Frank A. Sturges

The Secretary,
London.
