

S.S. "HAI KWANG"

Annual Freeboard Survey due 18th July, 1938.

In reply to enquiry over the telephone Mr. Youlson of the Anglo Saxon Petroleum Co., Ltd., stated that the above vessel is stationed at Shanghai and that she is coming under survey at that port for boiler and special survey and that the freeboard survey will also be dealt with.

He further stated that it was quite possible that these matters had already been attended to, but that there was considerable delay in the mails to and from Shanghai and he had no confirmation of this. He said he would again communicate with their Agents there to ascertain what action has been taken.
