Nwc. Rpt. 67/151.

It is submitted that the Newcastle Surveyors should be asked to state whether they are correct in reporting the total heating surface as 2245 square feet, as it appears from the boiler plan that this is the surface of one boiler only.

If the total heating surface is 4490 sq. ft. the corresponding fee will be for 290 N.H.S. £34-10-0
