Dear Sirs,

I duly received your letter of the 4th instant respecting the motorship "INCOMATI".

The Committee of this Society learned with much regret that she had been sunk by enemy action, and they desire me to convey their sincere sympathy with you in this further loss you have sustained.

I should add, however, that the Committee were pleased to hear that practically the whole of the crew were saved.

I am, Dear Sirs,  
Yours faithfully,

Assistant Secretary.
