*Plan*
Lloyd's Register of Shipping,

3, Steinhoeft,

Hamburg, 24th February, 1938.

Per Air Mail

Reference

Dear Sir,

We have to enclose plan of electrically welded rudder quadrants intended for the Crusader tanker building at Bremer Vulkan's Yard at Vegesack and also for the sister vessels building in Hamburg at Messrs. Deutsche Werft for which approval is requested.

The quadrants are being constructed by Messrs. Deutsche Werke, Kiel and the first quadrant had already been delivered at Messrs. Bremer Vulkan's Yard, when it was ascertained that no plan for approval has been submitted. As the matter is very urgent, we shall be glad, if this case may have your immediate attention, please.

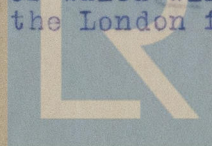

The copy of the approved plan should be returned direct to Bremen.

I am, Dear Sir,

Yours faithfully,

The Secretary,
LONDON.

P.S. One copy of this plan is available only at the present time. Arrangements are being made to obtain further copies, one of which will be sent on immediately for the London files.
