Betrifft Newbuildings Nos. 748/750.
STERN FRAME, RUDDER SHAFT.

Dear Sirs,

We beg to send you enclosed 3 copies each of Stern Frame and Rudder-Plan for above vessels. We agreed with your Bremen Surveyors to submit these plans directly in order to save time.

The construction and dimensions of the stern frame and the rudder are exactly equal to those of the stern frame and rudder approved for our newbuildings No. 734; 738 & 739. The diameter of the rudder shaft has been slightly increased to 296 mm. to meet the requirements of your rules.

As the furnishers of stern frame etc. are requesting urgently the final plans we ask you to study the plans at your earliest convenience and to inform us by wire of your approval.

Looking forward to your reply,

we remain, Dear Sirs,

Yours faithfully,
