Enclosures.

12th January, 1937.

Dear Sirs,

M.

I have to acknowledge the receipt of your letter of the 9th instant enclosing a plan, in duplicate, of bed plate for Messrs. Bremer Vulkan's Yard Nos. 748/750, and in reply thereto I have to request that you will inform the Builders that the additional girder indicated on the plan of profile and decks was required with a view to providing adequate stiffening under the engine seating.

The points mentioned in their letter have been considered, but it is felt that the girder should be required as amended on the plan.

The two plans forwarded are returned herewith.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,  
BREMEN.
