Ansd. 12/11  
LONDON

# Lloyd's Register of Shipping.

3, Wilhadistrasse,

Bremen, 9th January, 1937.

Enclosure.

Reference

M.

Dear Sir,

With reference to your letter of the 4th instant and the approved plan of profile and decks for Messrs. Bremer Vulkan's Yard Nos. 748/750, I have now received a letter from the Yard as follows:-

"In the plan there is an additional half height girder below the engine indicated in red. As this Motor, in alteration of former arrangements, has only one row of holding down bolts, it is in our opinion not necessary to have the required half height side girder fitted, and we would therefore feel obliged if you would reconsider this case. A sketch of the engine bed plate is attached. We would be glad if it could be dealt with at an early convenience."

I shall feel obliged for being informed of your decision in this matter.

I am, Dear Sir,

Yours faithfully,

*A. Carstensen*

The Secretary,  
LONDON.

Referred to the Chief Ship Surveyor,

11 JAN 1937

REQUESTING EARLY REPLY.

LONDON.

THE SECRETARY,

London

I am, Dear Sir,

Your decision in this matter.

I shall feel obliged for being informed of

convenience.

We would be glad if it could be dealt with at an early  
this case. A sketch of the engine bed plate is attached.  
and we would therefore feel obliged if you would reconsider  
to have the required main bearings side girder fitted,  
holding down bolts, it is in our opinion not necessary  
in alteration of former arrangements, use only one row of  
girders below the engine indicated in red. As this motor,  
rotor, and the approved plan of bolts and deck for Messrs.

In the plan there is an additional main bearing  
letter from the yard as follows:-

Enclosed for your information is a letter from the yard dated 12/1/37, I have now received a  
and the approved plan of bolts and deck for Messrs.

With reference to your letter of the 4th instant

Dear Sir,

Enclosure.

Bremen, 6th January, 1937.

Yours faithfully,

Wm. H. H. H. H. H.
