28th November, 1936.

Dear Sirs,

M.

I am in receipt of your letter of the 26th instant respecting Messrs. Bremer Vulkan's Yard Nos. 748-50, and with regard thereto I have to state that, as desired, the question of the electrodes to be used for web and girder connections to the transverse bulkheads has been further examined, and it is considered that as in the case of the sister vessels Nos. 718 and 727, and as stated in my letter of the 30th September, 1935, these electrodes should comply with Paragraphs 1-7, Section 4 of the Rules for the Application of Electric Arc Welding to Ship Construction.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
BREMEN.
