

Messrs. Bremer Vulkan's Nos. 748-750.  
-----

It is submitted the Bremen Surveyors be informed that  
it is observed the Builders specially desire to retain a frame  
spacing of 760 m/m to frame 164.

This proposal will be approved, provided, as  
compensation, the thickness of the side and bottom shell plating  
in this area be increased 1 m/m.
