Your Ref: SHB/CME.

27th January, 1941.

Dear Sirs,

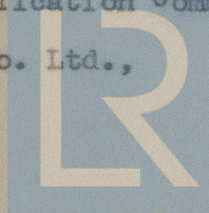

I was duly favoured with your letter of the 4th instant relative to your steamer "STANCOURT", and, after careful examination of the plans and reports on the vessel, it would appear that the description of the arrangements of decks and superstructures as given in the ^{Register} Reports Book, namely 1 deck (stl), Well deck, Poop and Bridge 122', Forecastle 68', is correct with the exception of the omission of any reference to the second deck in No.1 hold, and instructions have accordingly been issued for a notation of this deck to be inserted.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
