Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

Enclosure.

27th November, 1936.

Dear Sir,

B.

I am in receipt of your letter of the 25th instant, with enclosures advised therein respecting Messrs. Babcock & Wilcox Ltd., Boilers Nos. 6/1320 and 6/1321, for Messrs. David Rowan & Co's Engine Nos. 1007/8, Messrs. Lithgows' Yard Nos. 902/3, and with regard thereto I have to inform you that the plan No. 6277/101 of details of headers and mudrums will be approved for a working pressure of 250 lb. per sq. inch, provided the parts be made as shown on the plan and under the usual conditions of survey and testing.

It is noted that plans of steam and water drums and superheaters will be submitted at a later date.

Two copies of the plan now approved are returned herewith.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,  
GLASGOW.
