Refrigerating Installation

It is submitted that the plan of *showing details of*
Insulated Cargo Space merit approval

for

provided

the arrangements be as shown and amended on the plans, the fastenings of the insulation be to the Surveyor's satisfaction and the remaining requirements of the Rules for Refrigerating Machinery and Appliances be complied with so far as they be applicable.

It is recommended that at least two thermometer tubes be fitted in each of the three refrigerated cargo chambers, the tubes being situated as far as practicable at opposite ends of the chambers.

Return plan.

Retain *2* copies.
