Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

25th February, 1939.

Dear Sir,

S.

I have to acquaint you that the new steamer "LA CARRIERE", built by Messrs. Swan Hunter & Wigham Richardson Ltd., is to be drydocked at your port on or about the 13th March for the purpose of being taken over by the Owners at the expiration of the Builders' guarantee period.

The Committee have agreed to Mr. Dodd, the Society's Surveyor at Mobile, proceeding to your port in order to make a special examination on behalf of the Owners in connexion with the transfer, but it has been agreed that you also should attend to undertake the ordinary classification survey consequent upon drydocking and I shall be glad if you will arrange accordingly.

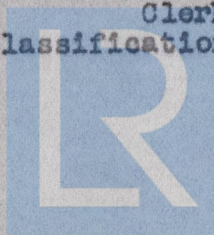

I am, Dear Sir,

Yours faithfully,

Copy M.K.

Clerk to the
Classification Committee.
