Mobile, Ala. U.S.A.

Dear Sir,

s.s. "La Carriere".

In accordance with arrangements made with the Lloyd's Register of Shipping, London, relevant to your appointment as the surveyor for this Company in connection with the lifting of builders' guarantee on the above vessel, we are forwarding, under separate cover, copies of the Hull and Machinery Specifications for your information. We are also enclosing copies of various letters and reports which we have received from our Trinidad Office and from the vessel, for your assistance when the survey is being held.

We are also requesting our Trinidad Office to forward to you full particulars of any items which they consider require special attention. These documents are for your own information in connection with the above-mentioned survey and we should be
