Dear Sirs,

E.

I return herewith one copy of the plan, forwarded with your letter of the 13th instant, of Oil Fuel Heater proposed for the above contract, and have to inform you that this plan will be approved for working pressures of 220 and 200 lb. per sq. inch on the steam and oil sides respectively, provided the heater be constructed under the usual conditions of survey and testing.

It is noted that heater No. X.1421 is to be fitted with an "Autoclean" discharge strainer, and in this connexion I have to draw your attention to Section 20D, Clause 5(a) of the Rules for Steel Ships.

I am, Dear Sirs,

Yours faithfully,
