LONDON

Dear Sir,

NO. 1555 SHIP - SCANTLING PLANS.

We thank you for your letter of the 3rd instant returning two plans showing alternative proposals regarding hydraulic rivetting in brackets connecting the bottom longitudinals to the transverse bulkheads. We note that, provided the arrangements be carried out as shown and amended on plan 'B', they will be approved.

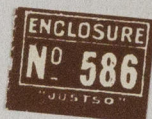

We are sending one copy of this plan to your Newcastle office.

We are proposing a similar arrangement at the brackets connecting the centre stiffeners on the transverse bulkheads to the upper deck centre girder, and we enclose three blue prints herewith. Please let us have your approval of this arrangement in due course.

Yours faithfully,

SWAN, HUNTER, WIGHAM RICHARDSON, LTD.

ENCLOSURES.
