To Lloyd's Register of  
Shipping,  
SALFORD.

Dear Sir,

ex Polish Steamer "WILJA"

This steamer has been lately employed as a Polish naval training vessel, and the Owners, the Polish Steamship Agency Ltd., of London have requested me to bring her back into Class again, and to Class her under Lloyd's Register. All papers have been destroyed, also plans, and as far as I am aware this steamer has not been classed for a considerable time.

The steamer is leaving Liverpool p.m. tide to-morrow the 23rd instant, for the Manchester Dry Docks Company's berth, who have received orders to carry out the necessary work.

Will you please arrange to have a Surveyor down on board to start the inspection and to grant us a Seaworthy Certificate if possible for twelve months:

Yours faithfully,

For ELLERMAN & PAPAYANNI LINES LTD.

(Signed) E. H. Shepherd.

Marine Superintendent.
