General Observations, Opinion as to Class, Recommendation, &c.:—
State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1,24," or "to remain as classed and to have record of survey, 1,24, and the notations of ss No. 1-24."
This vessel, as far as seen, is now in good condition, eligible in my opinion to remain as classed with record of survey 3.42 noted in the Register Book, subject to indicated keel plate and shell plating (port and starboard).
