

Lloyd's Register of Shipping,

Toldbodgaten 20,

Oslo, 29th September 1930

Enclosures.

Dear Sir,

We duly received your classing letter of the 26th instant respecting the motorvessel "DANWOOD" and beg to state that the spacing of the upper deck beams are as ^{it}specified on the approved plans of decks (approved 8/11/28), the height of the tank side brackets over the base line is as approved and the test for the stream wire as required.

The conductors for main generators, the air compressor motor and the motors of the lubricating oil pumps are in accordance with the Rules as regards current carrying capacity and insulation, and the cables (lead covered and armoured) are insulated with rubber.

The copy of the approved midship section is enclosed.

The owners' letter regarding the omission of the two water tight bulkheads shall be forwarded in a few days.

We are, Dear Sir,

Yours faithfully

THE SECRETARY
