71, Fenchurch Street, E.C. 3.

2nd July, 1921.

Dear Sirs,

With reference to Mr. Blackwood's letter of the 27th ultimo respecting the equipment of the S.S. "D.A.D.G. 76",

M. I shall be glad if you will be good enough to re-examine the three bower anchors with a view to ascertaining whether in addition to the marks furnished by you, the weights are stamped thereon as in the case of the stream and kedg anchors.

I have also to state that the length of the chain cable should be 300 fathoms.

It is noted that the towline and stream wire will be placed on board the vessel at Rotterdam.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
