Referred to the Chief ~~Ship~~ Surveyor.

70 ML

-8 DEC 1925

Also for Mr. S. A. Hill to note.

As the stern post is cast to note  
steel it is not seen how efficient scarphs  
can be made the section of the post at  
the positions shown not being large enough.  
It is therefore considered the surveyor should  
reconsider the case with a view to making temporary repairs  
to enable vessel to proceed.
