Forging Certificate No.7086D.

Crankshaft for s.s."MONTENOL"

-----

Telephone message:-

Mr.Curtis of the Admiralty desires to be informed whether the machining allowance of 3/32 inch shown on the plan of crankshaft has been left on the coupling faces, and that the length of the shaft given on the certificate is the length after finish machining.

IT IS SUBMITTED the Darlington Surveyor be asked by wire to furnish the desired information.

Wire:-

Your certificate 7086D crankshaft Montenol is overall length exclusive of three thirty seconds specified additional allowance on coupling faces.
