M A R S E I L L E S.

1st March, 1933.

This is to Certify that

WILLIAM H. WAGGOTT,

the undersigned Surveyor to this Society did at the request of the Owners Representative attend on board the steel screw steamer "NAVALAB", 5473 tons gross, N°77807 in the Register Book, whilst lying afloat and in dry dock at Marseilles on the 17th January, 1933, and subsequent dates, for the purpose of ascertaining the nature of the damage stated to have been caused by collision with the s.s. "BERNARDIN DE SAINT PIERRE", whilst entering Marseilles on the 21st December, 1932, voyage Barcelona to Marseilles.

For further particulars please see log book.

Upon examination it was recommended that the condenser should be opened up and tested, and that the ballast & bilge pumps should be overhauled and placed in good working condition in order to place the machinery in the same efficient condition as prior to the damage.

(Signed) W.H. WAGGOTT.

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for accuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
