Lloyd's Register of Shipping,

High Close,

Wokingham, Berks.

Your Ref:RCK/JB.

16th August, 1940.

Dear Sirs,

S.

I duly received your letter of the 26th ultimo respecting the steamer "PEGASUS", and have to confirm that at the request of the Anglo American Oil Co., the Classing Committee on the 21st June deferred action for a month to enable the Owners to make arrangements for the requisite Survey to be held. Subsequently the Company added that the position was still obscure, and in all the circumstances the Classing Committee on the 2nd instant agreed to her Class remaining undisturbed until such time as the Owners were able to make arrangements for the vessel to be brought under Survey at a port where the Society has an exclusive Surveyor stationed.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
PIRAEUS.
