

"PEGASUS"

---

The Anglo-American Oil Co. have been communicated with by telephone about the attached memo, and they asked if a cablegram could be sent to the Piraeus Surveyors requesting them to make contact with the Socony Vacuum Co., Istanbul, with a view to arrangements being made either for the vessel to be examined at Istanbul by the Piraeus Surveyors, or for the vessel to be examined at Piraeus, whichever would be the most suitable.

It is submitted a cable be sent to the Piraeus Surveyors accordingly, and they be also informed that provided the vessel is examined in accordance with Circular 1764 and found satisfactory, an extension of six months beyond the year of grace could be granted.
