

Shipbuilders: Messrs. *Howaldtswerke*

Yard No. 756

Engineers: Messrs. *Atlas-Werke*

Engine No.

It is submitted that the plans of *sea water degassing apparatus and Hannemann regulator* merit approval for a working pressure of *28 lb/in²* provided the degassing apparatus and the regulator be constructed under the usual conditions of survey & testing.

With reference to the T piece of fabricated welded construction, shown on the plan of evaporator approved in Sec's. letter of 5th July last, this T piece could be accepted in this instance provided the Surveyors be satisfied with the Firm's welding technique, the T piece be examined & found sound & free from defect and be subjected to a hydraulic test of 4 times the working pressure with satisfactory results.

Return plans.
