Hamburg, 1st April, 1937

Reference

E

Dear Sir,

With reference to the concluding paragraph of your letter of the 25th ult. returning approved Plans of electrical equipment proposed for Messrs. Howaldtswerke Yard No. 756, Messrs. Howaldtswerke state that the 50 mm cable shown on Plan No. H 1758a between the generators and the switchboard will be dispensed with. It was originally intended to arrange for parallel switching of the generators and the 50 mm cable was proposed to be fitted for equalising purposes. It has now, however, been decided not to choose parallel switching for the generators.

I am, Dear Sir,

Yours faithfully,

for A. Chisholm
