

"REMMAREN"

RPT. Got. No. 13098

As in the case of the "GLOMDAL", Hbg No. 1380,  
the anchors and chain cables were made in Germany at Magdeburg  
and Sterkrade respectively and tested at the Makers' Works in  
December 1939 by former Surveyors to Lloyd's Register.

As agreed by the Committee in the previous case  
referred to, the record "Lloyd's A & CP" should be omitted.
