RECEIVED

6 - JAN 1944

Dear Sir,

I duly received your letter dated 3rd January with enclosures regarding "soft" steel supplied to Swedish Shipbuilders by Belgian Steelworks.

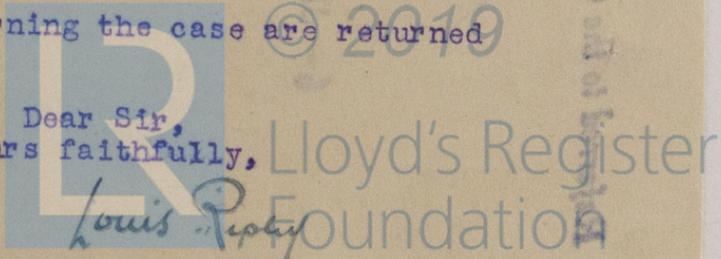

As requested, the matter has been discussed with Mr. Lewis, the Society's Special Surveyor for Steel at Glasgow, and we are agreed that provided structural compensation be fitted as indicated in your letter, the material could be recommended for acceptance.

The documents concerning the case are returned herewith.

I am, Dear Sir,
Yours faithfully,

Louis Ripley

The Secretary,
LONDON.

Reference 412/110 of 1944

Referred to the Chief Ship Surveyor.
