13th April, 1938.

Dear Sirs,

I have to inform you that the Steel Twin Screw
M. Tanker "ROSALIA", Messrs. Furness Shipbuilding Co's Yard No.
278, has proceeded to your port with a view to the installation
of the machinery.

To complete the survey on the hull the following
remains to be done :- Forecastle deck to be hoistested, steam
and combined steering gear, auxiliary steering gear and
windlass to be examined under working conditions, Engine and
Boiler casings to be completed after machinery is installed.

I shall therefore be glad if you will be good
enough to give the case the necessary attention, and, on
completion of the work, to forward a report on form No. 8
with a view to the classification of the vessel.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
HARTLEPOOL.

Secretary.
