Dear Sirs,

E.

I duly received your letter of the 27th instant forwarding blue prints Nos. 14327/8 giving details and particulars of the shafts for your double reduction gears for Messrs. The British Thomson-Houston Co's 4000 S.H.P. Engines.

The plans in question will be approved, and I shall be glad if you will kindly let me know where the forgings are proposed to be made in order that the Society's local Surveyors may be advised.

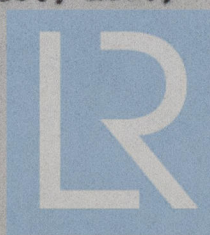

The plans referred to are returned herewith.

I am, Dear Sirs,

Yours faithfully,

Secretary.
