Dear Sirs,

I am in receipt of your letter of yesterday's date with accompanying copy of one addressed to Messrs. John Brown & Co., Ltd., respecting your Order Y.5607 in connexion with The British Thomson-Houston Co's 4,000 S.H.P. Gears, and with regard thereto I beg to inform you that Messrs. John Brown & Co's proposal in connexion with the pinion shafts for this order to work as near as practicable to the carbon content specified, viz:-.5% and to look upon the 42 tons per square inch tensile merely as a minimum, also to work to a figure of 60 for the sum of the elongation and tonnage, will be approved.

I am, Dear Sirs,

Yours faithfully,

Secretary.
