FOR LONDON OFFICE.

21st April, 1920.

Dear Sirs,

E.

I duly received your letters of the 16th instant respecting the 4,000 S.H.P. Gears for Messrs. The British Thomson-Houston Co., Ltd., and beg to inform you that the contents of same are noted.

With regard to your remarks, I may say that no separate tests will be required for the ring forgings for the nuts, and that provided they be found sound on examination at the Works where the machinery is erected, the same will be accepted.

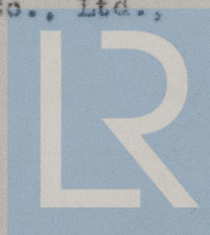

The necessary instructions in the matter are being sent to the Society's Surveyors at Sheffield.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Messrs. The Power Plant Co., Ltd.,
