

PUMPING ARRANGEMENT Endorsement.

Shipbuilders: Messrs. J. L. THOMPSON & SONS.

Yard No. 600

Engineers: Messrs.

Engine No.

Owners: Messrs.

It is submitted that the plan of *General*
Pumping Arrangement

merits approval, provided the arrangements be as
shown and amended on the plan and the remaining
requirements of Sections 20^{20A} and 34 of the Rules (1939-40)
be complied with so far as they are applicable.

*It is concluded that the air pipes at the forward centre
portion of the double bottom tanks are independent of the forward
wing air pipes to these tanks, but this should be confirmed.*

*It is noted that the capacity of the drain hole at the forward
end of N°5 hold will be not less than 6 cubic feet, and this
is in order.*
