Enclosures.

13th July, 1926.

Dear Sir,

S. I have to acknowledge the receipt of your letter of the 12th instant, enclosing Glasgow First Entry report on the steamer "STORSTEN", and in connexion therewith I telegraphed to you to-day stating that the plans had not yet been received. Shortly after the despatch of this telegram, however, the plans came to hand and the case having received consideration, the classification certificates are enclosed herewith to be handed over when the survey has been satisfactorily completed and the fees paid.

I am, Dear Sir,

Yours faithfully,

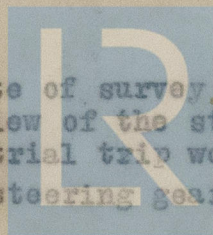

Clerk to the
Classification Committee.

The Secretary,

GLASGOW.

P.S. You will observe that the last date of survey in the certificate has been entered as 15th July, in view of the statement in your letter of the 9th instant, that the trial trip would take place on that day, when the windlass and steering gear would be tried

The Secretary,

GLASGOW.

In the event of the survey not being completed
on that date the certificate should be returned to this
Office for correction.
