Dear Sir,

S.

Reverting to your letter of the 24th January last regarding your steamer "THODE FAGELUND", I beg to acquaint you that I am now in receipt of a letter from the Society's Office at New York intimating that it has been arranged with your Representative there that the cone end of the thrust shaft should be examined either upon her arrival in Europe or upon her subsequent return to New York.

The vessel's class has accordingly been continued subject to this arrangement being duly carried into effect.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

Wilh. Wilhelmsen, Esq.,
