C.9839

# Lloyd's Register of Shipping.

Port LONDON,

30th July, 1937.

This is to Certify that

G. H. FORSYTH,

the undersigned Surveyor to this Society did at the request of Messrs. Caird & Rayner, Ltd., Commercial Road, London, attend at their Works on the 24th July 1937 for the purpose of witnessing tests carried out on one evaporator, capacity 30 tons per 24 hours, to the order of Messrs. Smith's Dock Co., Ltd., North Shields, and intended for the s.s. "THODE PAGELUND".

The cast iron casing was hydraulically tested to 40 lb./sq.in. and the coils to 360 lb./sq.in. and found to be, as far as could be seen, sound and free from defects.

For identification purposes the evaporator was stamped as follows:-

LLOYD'S C.9839  
COILS 360 lb./sq.in.  
CASING 40 lb./sq.in.  
24.7.37

Fee:-

£1.1.0

*G. H. Forsyth*  
Surveyor to Lloyd's Register  
of Shipping.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-  
The Committees of the Society use their best endeavours to ensure that the functions of the Society are properly carried out; it to be understood that neither the Society nor any Member of any of its Committees is under any circumstances held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Members, any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
