8th May, 1923.

Dear Sirs,

S.S. "WANGARATTA".

The above vessel has left here for your port, where it is intended to complete the survey requirements for classification for vessels not built under survey.

All First Entry and Freeboard particulars have been obtained, and the Special Survey partly held in London.

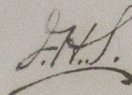

To complete same the following remains to be done:-

Nos.4, 4A, 5, Port, Double bottom tanks and the after peak tank to be tested.

Nos.4, 4A, 6 & 7, double bottom tanks to be examined internally.

No.8 double bottom tank found to be leaking into No.6 hold at after end requires to be re-tested after repairs.

Yours faithfully,

The Surveyors,

CARDIFF.

P.S.

The freeboard has been assigned, as per accompanying letter, and should be verified when marked on the vessel's sides.
