

Boiler
endorsement (1).

Shipbuilders: Messrs. *hed. Scheepbouwers.*

No. 265

Makers: Messrs. *Gelat. Stark*

Boiler No. 4611

It is submitted that the plan of *oil-fired* ~~thimble-tube~~ boiler merits approval for a working pressure of *100 lb.* per sq. *in.*, provided the boiler be constructed under the usual conditions of survey and testing.

The Firm should be informed in answer to their enquiry that it is considered that the welded ~~joints~~ and uptake tubes of this boiler should be annealed ^{for welds} but it is ~~not~~ considered necessary that the welds should be ~~re-rolled~~.

Return plan.

Retain copy.
