Prins Hendrikkade 86,

Amsterdam, 28th January, 1937.

The Secretary,

L O N D O N.-

Dear Sir,

With reference to your letter of the 21st instant respecting the riveted air receiver proposed by Messrs. Machinefabriek Gebr. Stork & Co. for Messrs. Nederlandsche Scheepsbouw My's Yard No. 268, I beg to confirm that the inside diameter of the outer strake of shell plating of this receiver is 1600 mm.

I may add that the makers observe that with a view to maintaining an equal diameter of the fronts, the inner diameter of a cylindrical part of the air receiver has been reduced at one side to such extent that same fits in the other cylindrical part of 1600 mm. inner diameter.

I am, Dear Sir,

Yours faithfully,

Ernst
